Hambledon Community SpeedWatch (CSW) Survey - December 2026

The Community SpeedWatch Team and Parish Council are intending to request another re-evaluation of the speed limits on the main arterial route through the Village between the A283 Petworth Road and the Hydestile Crossroads: comprising Lane End, Malthouse Lane and the Hambledon Road.

We first need to seek information on how you currently use these roads and the possible impact on your future use of them if the speed limits were to be lowered. This is covered in Section A.

Based on their evidence, the CSW Team believes that a reduction in speed limit is warranted. In Section B we seek your opinion on some particular speed limit reduction possibilities.

Would you therefore kindly complete this form and return it to us by leaving it at the Village shop or posting it through the Village Hall letterbox. If you click on the QR code it can be completed online. Or, if you prefer, simply photograph it and send it to the email address shown. If you wish, we will also collect completed forms by hand.

Please fill it in as an individual and ask others in your household to do so as well.

The deadline for returns is 31st December. Thank you for helping the campaign.
